Stamford Scientific International, Inc.
Attn: Tom Frankel
4 Tucker Drive
Poughkeepsie, NY 12603 USA

Dear Mr. Frankel:

We have used Stamford Scientific International Fine Bubble Tube Diffusers for the period of 1999 to 2002. These Diffusers demonstrated successful service in our aeration tank application for the duration of operation and performance meeting our expectations. We suggest the use of Stamford Scientific International Fine Bubble Tube Diffusers for applications requiring fine bubble tube diffusers.

Thank you.

Sincerely,

Martin Enseleit
